ABOUT ASI

ASI is a credit union-owned organization whose only business is to provide deposit insurance to credit unions. ASI has operated successfully since it was founded in 1974, and throughout its corporate history no credit union member has ever lost money in an ASI-insured account.

Your deposits in
this credit union
are insured up to
\$250,000 per
account by ASI.

ASI is licensed and dual regulated by the Ohio Department of Commerce and the Ohio Department of Insurance. Regulators in each state in which ASI operates also review the company's performance. The company's financial statements are audited annually by an independent CPA firm and are available upon request from the credit union.

YOUR COVERAGE

ASI insures accounts, not individuals. Each account you have with the credit union is insured to this exceptional level of coverage. For example, you may have savings (regular share), checking (share draft) and certificate of deposit (share certificate), and each would be insured up to \$250,000.
